

## Total Education Funding\*

(\$ Amounts in Thousands)

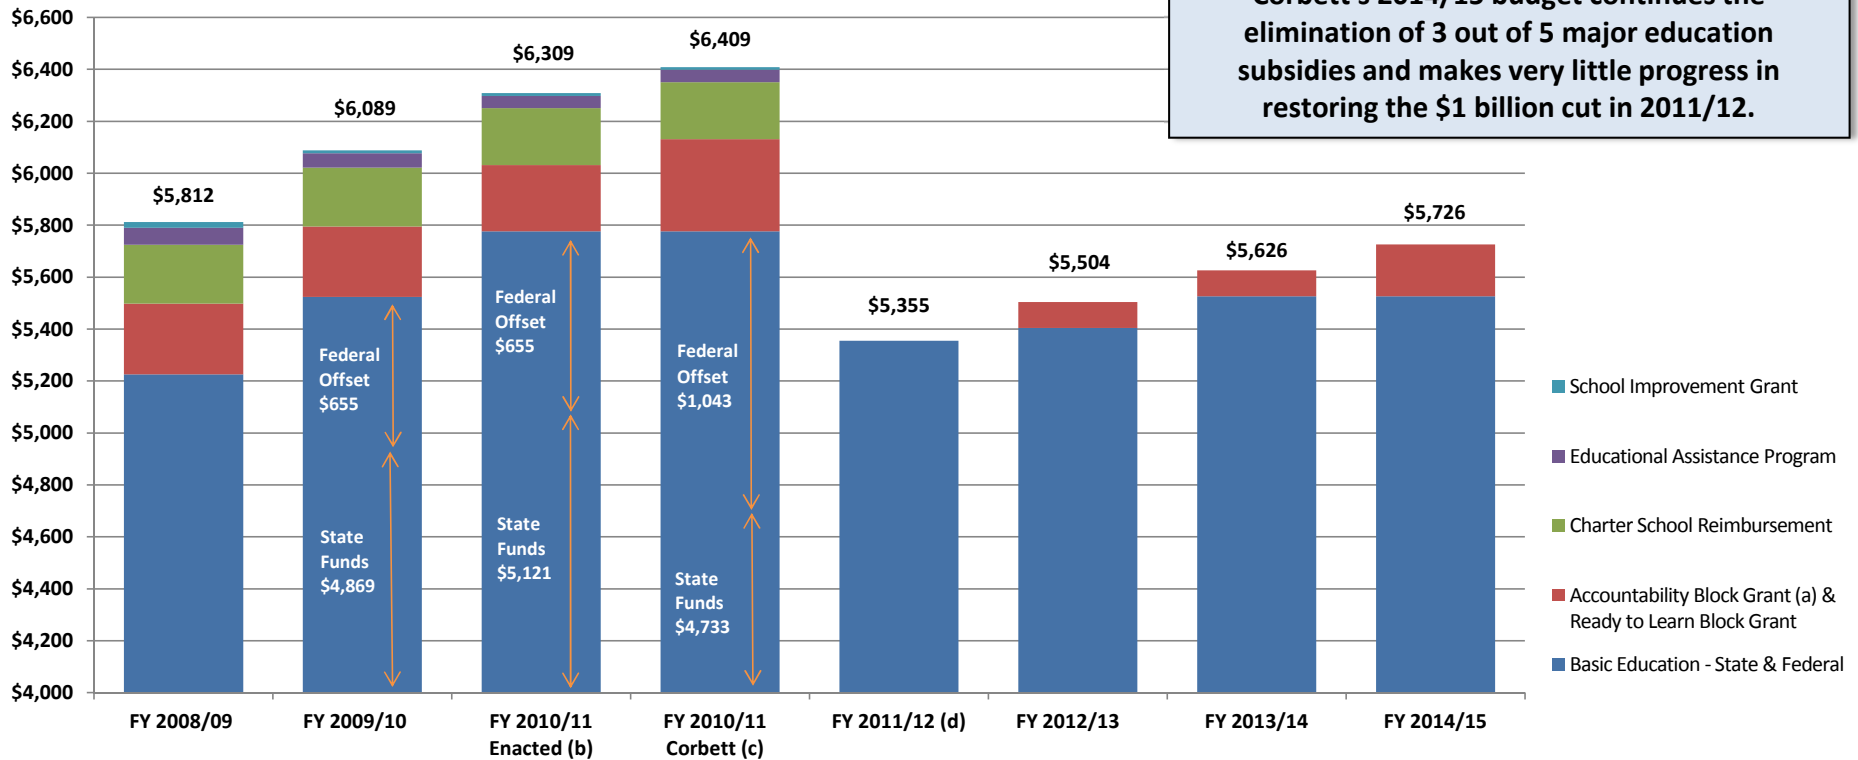

\* Includes all appropriations within the PA Department of Education except pension payments and higher education.

\*\* Only includes ARRA (federal stimulus) funding that was appropriated through the basic education subsidy formula.

## Five Major K-12 Education Subsidies

(\$ amounts in millions)

Corbett's 2014/15 budget continues the elimination of 3 out of 5 major education subsidies and makes very little progress in restoring the \$1 billion cut in 2011/12.

<sup>1</sup> Federal funds **ONLY** include the ARRA federal stimulus funds that were **part of the basic education subsidy formula**.

(a) Note: Enacted Accountability Block Grant in FY 2010/11 was \$255 million. Corbett's FY 2011/12 budget provided a retroactive supplemental increase for FY 2010/11 of \$100 million that was distributed (via the school code) to schools in FY 2011/12. Chart for FY 2010/11 (Corbett) reflects \$355 million to include this supplemental. Net effect is that districts received \$254 million in 2010/11 and \$100 million in 2011/12.

(b) Note: FY 2010/11 (enacted) shows funding for the basic education subsidy as passed into law for FY 2010/11, before Corbett took office.

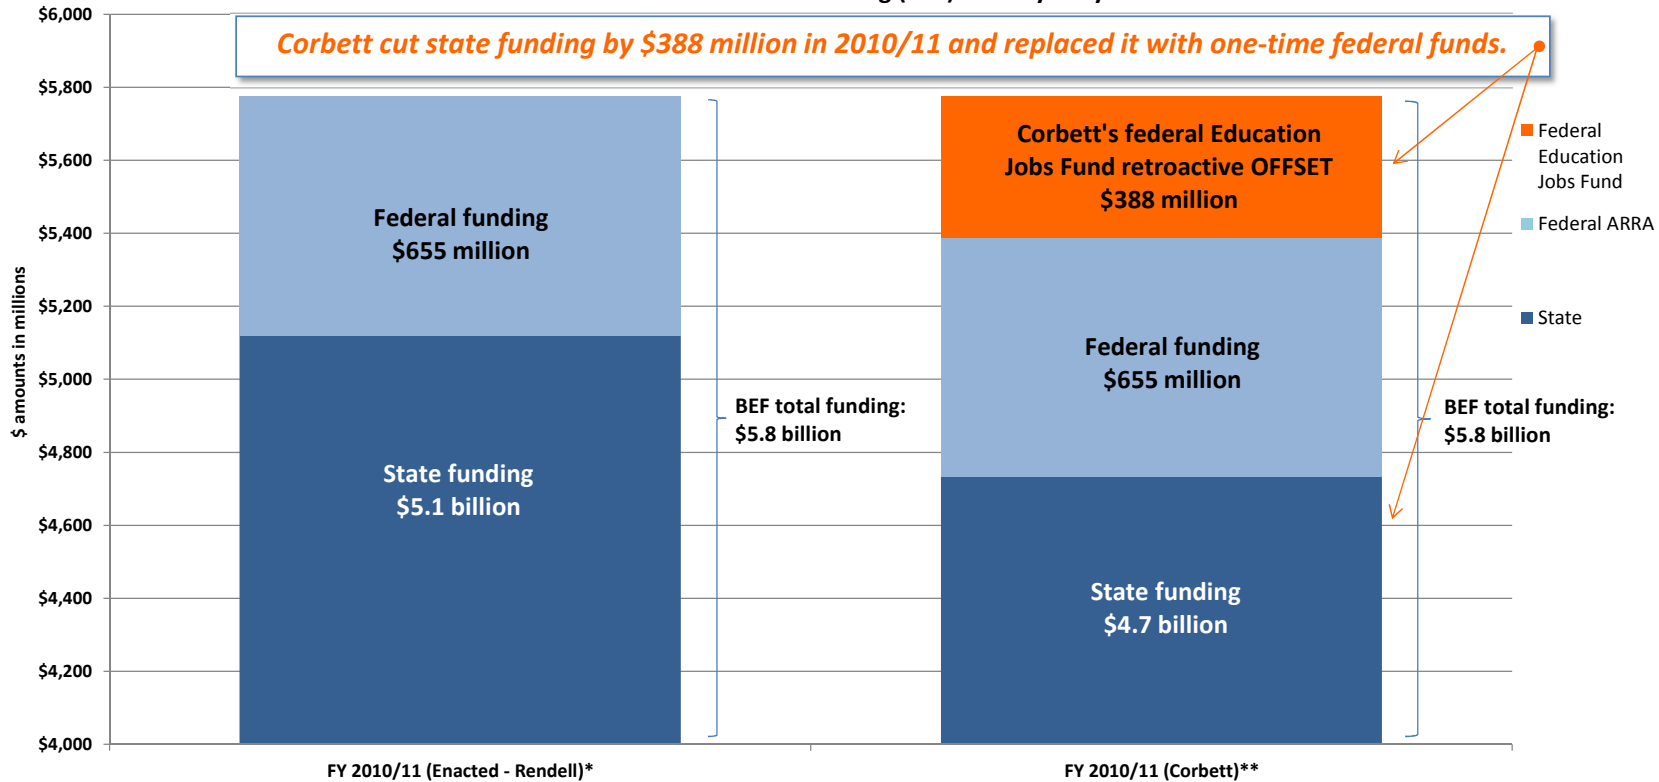

(c) Note: The Corbett administration used \$388 million in federal Education Jobs Fund monies to retroactively **offset additional state funds for FY 2010/11** in his first budget enacted in FY 2011/12. This reduced the STATE spend for FY 2010/11 basic education down to \$4.733 billion.

(d) Note: Basic education portion flat-funded to 2011/12 level; extra funds appropriated to 16 financially distressed districts (\$49 million). Actual, rather than enacted, amounts are used for this column.

# Corbett's Retroactive Cut to State Education Funding in 2010/11

## Basic Education Funding (BEF) Subsidy Only

<sup>1</sup> Federal funds **ONLY** include the ARRA federal stimulus funds that were **part of the basic education subsidy formula**.

\*Note: FY 2010/11 (enacted) shows funding for the state subsidy in basic education as passed into law for 2010/11 under the Rendell administration.

\*\*Note: In Corbett's first budget in 2011/12, he used \$388 million in federal Education Jobs Fund monies to **retroactively offset additional state funds for 2010/11**. This **reduced the state spend** for 2010/11 basic education to \$4.733 billion.
