**Re: Follow-up From PA House Appropriations Committee Hearing**

Dear Chairman Saylor,

At the recent House Appropriations Committee Hearing for the State Related Universities, Representative Morgan Cephus inquired about each of the University's COVID-19 testing protocols. Chancellor Gallagher offered to share a report on this subject authored by several infectious disease experts at the University of Pittsburgh. I have attached the aforementioned report to this correspondence for review by the Committee.

Good luck with the remainder of the hearings and I look forward to seeing you in the Capitol in the near future.

Sincerely,
